GIO perfect Hairbrush

with Soft Air Cushion Technology

USER MANUAL

To avoid harm caused by misuse, please read the instructions carefully and use this product strictly in accordance with the manual.

OPERATING INSTRUCTIONS

1. Power On/Off:

Press and hold the power button for 2 seconds to turn the hairbrush on or off. A short press switches between the available modes. A “beep” sound indicates successful power-on/off or mode change.

2. Working Modes:

- Mode 1: Negative ions only
- Mode 2: Negative ions + gentle vibration
- Mode 3: Negative ions + strong vibration

Modes cycle sequentially with each button press.

3. Charging Indicators:

- Red light: Charging
- Green light: Fully charged
- Blue light: Device in use (not charging)

4. Low Battery Alerts:

- Below 20%: A beep sounds once per second for 5 seconds; red light turns on
- Below 5%: Device will auto shut off or fail to power on; 3 beeps sound; red light turns on
- Red light turns off after alert ends

Product Name: **GIOperfect Hairbrush**

Model: **GIO-745**

Dimensions: **250 × 85 × 55 mm**

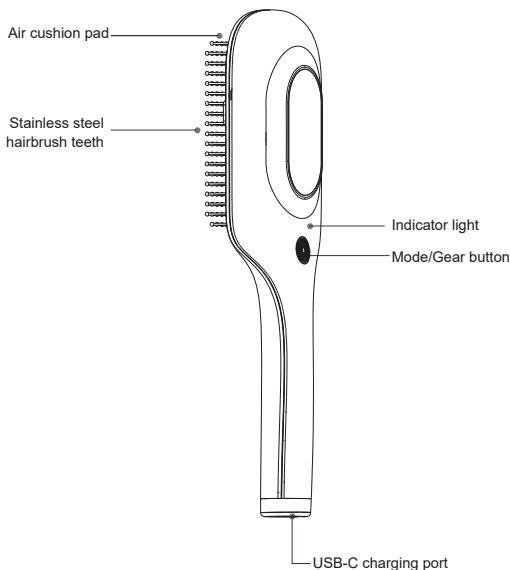

Rated Power: **1.5 W**

Battery Capacity: **500 mAh**

Charging Voltage: **DC 5V**

Net Weight: **215 g**

PRODUCT OVERVIEW

PACKAGE CONTENTS

- Hairbrush x1
- Charging cable USB-C x1
- User manual x1

HOW TO USE

7
STEPS

Starting from the roots and moving toward the tips, comb through frizzy or knotted hair in the direction of hair growth.

Gently press the comb around the areas behind the ears, on the temples, and near the sideburns.

Place the comb's air cushion close to the scalp, then press and comb from the top of the head toward the back of the neck.

While brushing from the back of the head down to the neck, press the air cushion repeatedly to stimulate the scalp.

Press the air cushion while combing and massaging from the ears down to the neck area.

Starting at the forehead, press the air cushion while combing and massaging along the top of the head toward the back.

Slowly comb and press in the reverse direction — from bottom to top and from back to front.

IMPORTANT SAFETY INFORMATION

- Do not use the hairbrush while driving.
- Avoid using the hairbrush in high-temperature environments.
- Keep away from heaters, stoves, and direct sunlight.
- Not recommended for individuals with hypertension or a history of stroke.
- Do not use on areas that have recently undergone surgery.
- Discontinue use on areas with redness, inflammation, or irritation.
- If the battery is low or the device has not been used for an extended period, fully charge before use to avoid malfunction.

PRODUCT PRECAUTIONS

- The air cushion contains ventilation holes for effective scalp contact and massage.
- For use on dry hair only – do not use on wet hair or hair with styling products (e.g., wax or gel).
- Do not use the hairbrush simultaneously with a hairdryer to prevent the risk of electric shock.
- Disconnect from the power source once fully charged.
- Store in a cool, dry place.
- If any abnormal condition occurs during use or charging, stop immediately to prevent injury.
- This product is intended for personal home care use only – not suitable for medical treatment or commercial purposes.
- Clean using a neutral detergent. Do not immerse in water.
